CRAZY CLIMBER

THE EXCITING GAME THAT WILL CHALLENGE YOUR SPIRIT OF ADVENTURE

From the windows, the antagonists and condor drop falling objects. (flowerpots, empty bottles, eggs, etc.). Out of nowhere come falling steel girders, iron dumbbells, and signboards. Beware of the powerful punch of KING KONG. When you hold the windows firmly with both of your hands, you won't fall when hit by the antagonist or condor. But, you will lose bonus points if you are hit. If you rest too long, a voice tells you to, "GO FOR IT!!!" to send you on your way. If you wait too long before continuing you will lose bonus points. Climb up to the rooftop avoiding the monsterous gorrilla and obstacles and get rescued by the helicopter to receive your bonus. Now you are ready to challenge the next building. This game has four (4) different buildings each with a greater degree of difficulty, to challenge you and your spirit of adventure.

1) ANTAGONIST
A bad man who drops things from the window

2) FALLING OBJECTS
Dangerous objects that the Antagonist drops

3) THE CONDOR
She drops eggs and excrements.

4) KING KONG

5) STEEL GIRDERS AND IRON DUMBBELLS.
Deadly falling objects. Avoid them!

6) ELECTRIC SIGNBOARDS
Be careful for a cut high tension wire. Don't receive an electric shock.

7) LUCKY BALLOON
Catch the lucky balloon and get a free ride

8) FALLING SIGNBOARDS
Climber comes crashing down

9) THE HELICOPTER
Your adventure is over as you are wisked away in the waiting helicopter

GRIP POINT

You must climb using the open windows as gripping points. Upon arriving at a closing window, hold firmly with both hands and move to the side away from the windows that are closing or you will fall.
